

Hanging Requirements for the 2025 DCSQ Show

LARGE quilts (greater than 44" wide) will need a sleeve on the back top edge. Cut a strip of fabric the width of the quilt top and 10" wide. Fold in half lengthwise and sew a ¼" seam. Hand or machine baste to the top edge of the quilt back. Tack down the folded edge so the sleeve doesn't show.

SMALL quilts (less than 44" wide) will need a sleeve on the back top edge. Cut a strip of fabric the width of the quilt top and 6" wide. Fold in half lengthwise and sew a ¼" seam. Hand or machine baste to the top edge of the quilt back. Tack down the folded edge so the sleeve doesn't show.

Table runners will be hung lengthwise on the small quilt racks, so put the sleeve across the shortest side. Cut strip 6" wide and sew as above. Tack down the folded edge so the sleeve doesn't show.

All quilts need to be labeled with at least your name and phone number for identification purposes.

Any questions, call Trisha Millonig at 612-240-3010.
